Learn about an Educational Toy Invented by Female Engineers that Inspires Young Girls to Think Differently About Their Skills and Careers

Monday, November 17, 2014

7:00 to 9:00 pm

Social Time: 7:00-7:15 pm

- Business Meeting: 7:15-7:30 pm

Speaker Presentation: 7:30-8:30 pm - Social Time: 8:30-9:00 pm

Community United Methodist Church, 777 Miramontes, Half Moon Bay

Roominate is an engineering toy designed by two women who met in the master's engineering program at Stanford. Roominate empowers young girls by teaching them hands-on problem solving, spatial and fine motor skills, basic circuitry, self-confidence, and creativity, all of which are necessary to pursue science, technology, engineering and math (STEM) subjects. Roominate has won numerous awards and has been featured in several publications, including The New York Times, The Wall Street Journal, Forbes, and Time.

At the Half Moon Bay STEM workshop for middle-school girls held this summer, students used Roominate to build several projects. Gael Erickson, who led the workshop with Mary Vargas, will give a brief presentation on Roominate and its founders and will bring some of the projects and photos from the workshop. We have also invited the STEM workshop participants to attend and share their experiences working with Roominate.

With the holidays approaching, Roominate could be a great gift for the budding female engineer or scientist in your life. Come learn about this exciting toy that is empowering girls in our community and throughout the country.

We hope to see you there.

Half Moon Bay Chamber of Commerce Education Committee:

So many activities take place in our community supporting education. Watch the HMB Review or the Chamber website for local education opportunities and chances to volunteer. The HMB Library offers a wealth of activities. The Nick of Time Foundation recently provided the Youth Heart Screen at HMBHS. STEM Robotics led by Len Erickson provides programs in local schools. Sonrisas provides dental checkups in the elementary and middle school. The Coastside Children's Program support learning in the afterschool programs. Rotary and Chamber collaborate to provide school to work training at the high schools in the spring. AAUW-HMB is a member of this committee because we, too, are providing support for education in our community. In addition to our scholarships and Tech Trek, Mary and Carlos Vargas, Gael Erickson, and Julie Gerth, with financial support from the Edna Cox Fund, have planned and provided a STEM Workshop in the summer for science/math minded Tech Trek applicants. Our branch is very involved.

Half Moon Bay AAUW Local Scholarship

While doing a book search at our local library, I needed some technical assistance when who should appear at my elbow, Giselle Mendoza, the recipient of our 2014 Edna Cox Fund Scholarship. She was eager and prepared to begin fall classes. By now, Giselle has begun her classes at UCSC. With her determination and drive, I believe that AAUW-HMB Branch can feel proud of providing support for her continuing education.

Remember that fundraising for our Local Scholarship Fund is ongoing. Many thanks must be said to the major efforts of the co-chairs, Amy Broome, Jennifer Brey, Michelle Sansot, and their team of participants in the Pumpkin Bread sales at the Pumpkin Fest and to Ruth Rafello and her team who have assumed responsibility for the Holiday Tea from the Johnson House Committee. On Memorial Day weekend in May, Peggy Rozhon and Mary Sheridan with their band of helpers will preside over the 3rd Annual AAUW White Elephant Sale. These are the major fundraising events that provide financial support with 40% of funds applied to AAUW Funds, 30% to Local Scholarship, and 30% to Tech Trek.

Our respected and beloved Edna Cox left the branch a legacy to support the education of women. The Edna Cox Fund provides one \$2000 scholarship yearly.

The balance of our Ivania Portocarrero scholarship funds are provided by your generous donations. So far, the members have donated \$1033 toward scholarship. Remember, as you plan your end of 2014 donations, all donations are tax deductible. Thank you for your generosity toward education for women.

Sue Hatfield, Local Scholarship Chair

If you would like to contribute to our AAUW-HMB Local Scholarship Fund, you may use the form below. Our branch Local Scholarship Fund makes awards to outstanding graduates of Half Moon Bay and/or Pescadero High Schools who are entering their junior or senior year of college.

YES, I want to support Coastside women in the final stretch of their college education.

LET'S TALK ABOUT AAUW FUNDS

The Legal Advocacy Fund is a very important part of AAUW. Founded in 1981, the Legal Advocacy Fund (LAF) works to achieve equity for women in higher education by offering assistance to women faculty, staff, and students who have grievances against colleges and universities and by supporting sex discrimination lawsuits. The LAF Board only approves support of cases which are currently involved in litigation, and that have the potential to set legal precedent, such as the Lilly Ledbetter case (pay equity).

A New LAF Case challenges gender discrimination at the University of Tennessee: *Moshak v. University of Tennessee*. The lawsuit was filed in 2012 by Jennifer Moshak, Heather Mason, and Collin Schlosser, former employees of the University of Tennessee's women's athletic department. The plaintiffs allege sex discrimination and unlawful retaliation under Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the Equal Pay Act of 1963. They claim that they were unlawfully discriminated against and eventually forced out of their positions during a university-led merger of the women's and men's athletic departments. We will follow this case and let you know what happens. This is yet another example of your donations at work.

CABRILLO ELEMENTARY SCHOOL TUTORING

Our tutoring group is off and running in this, our seventh year of volunteering in the local elementary schools! It's never too late to become involved, whether in a teacher's classroom, after-school homework club, or the school library. Willing ears and hands are always welcome! Please contact Chair Jean Burch and learn more.

Membership Matters:

Thank you to all our members who brought guests to the Membership Brunch. We had two individuals join at the brunch so we are now at 141 members and still growing. Please be sure to welcome our new members when you meet them at one of our meetings or interest groups; you can recognize them by the red dot on their name badge. Their names and contact information are below; please be sure to add them to your Directory.

Win free national dues for next year:

We will offer a recruitment contest again this year. The member who recruits the most new members this year will have her/his national dues for 2015-16 paid by the branch (currently a \$49 value). This contest will run from September 1, 2014 to March 31, 2015 and the winner will be announced at our April General Meeting. So bring your friends to a general meeting where they can save 50% on their national dues if they join at the meeting and earn points toward your free national dues payment. I will provide periodic updates of who is leading the contest in future Tidings.

Didja'Know

1984: First Christmas House titled "Country Inn Christmas" was held by AAUW at the Mill Rose House and San Benito House—a resounding success.

This huge undertaking was ably handled by: Jidge Boell, Bev Jorgenson, Trenkins Buckley, Sue Murphy, Anna Anderson, Jan Grierson, Mary Burgett, Iva Kraencke, Toni Foster, Carmen Geidt and naturally Ruth Rafello.

There were gingerbread bears (sold 600 in an hour), mulled apple cider, music provided by Eve Baldwin (Golden Bough Celtic Group) at Mill Rose with Gwen Halterman on harp and Lori Nichols on guitar. Part of HMBHS Chorus sang. Decorated trees were a feast for the eyes and nose—a wonderful holiday time was had by all (the clean-up crew maybe not so much).

Many of the members mentioned are no longer around—ASK about these valuable women from long time members—you will wish you could have known them.

THANK YOU FOR SUPPORTING TECH TREK

by Julie Gerth

Cinderella's pumpkin may have been turned into a golden carriage by her fairy godmother, but here on the Coastsides our AAUW branch turns pumpkins into delicious muffins and breads that become scholarships for local middle-school girls to attend math and science camp at Stanford University.

Thank you to all the many hard-working, devoted "godmothers" of our branch who helped during Pumpkin Festival to give girls, not a night at the ball, but a whole week of S.T.E.M. activities, a glimpse of dorm life on a college campus, camaraderie with other smart, motivated peers, and the example of women role models in science and technology fields.

We are looking forward to seeing some of our past Tech Trekkers as volunteers at the upcoming Holiday Tea. A portion of the proceeds from that event will also support math and science camp scholarships. Tech Trek alumnae are always ready and willing to help with our branch fundraising.

If you would still like to make a separate, end-of-year contribution to our branch's Tech Trek scholarship fund, checks should be made out to: AAUW-CA, SPECIAL PROJECTS FUND and sent to: Julie Gerth, 2094 Touraine Lane, Half Moon Bay 94019.

Public Policy: Don't forget to Vote on November 4th!

On Tuesday, November 4 , we will have the opportunity to exercise our democratic right to vote. Some people are of the opinion that their vote does not make a difference and so they do not vote. Don't be one of those people. One place where even one vote can cause a candidate or proposition to win or lose is in **our Local Elections**. Here in Half Moon Bay we have six candidates running for three seats on the City Council ...two are incumbents, one has been on the council in the past, and the rest are new to politics in Half Moon Bay. The way we choose to vote in this election will affect the future of the coastside for years to come.

Recently we were able to attend a forum where the six expressed their opinions by answering questions from the audience on several issues :

1. The Main Street Bridge—How to proceed now that the public voted to restore it.
2. The Beachwood Property—Sell it or?.
3. Kehoe Ditch—How to repair it without flooding the street.
4. The Coastal Trail/Hernandez Bridge—Not a local responsibility, but can repair/build new be expedited
5. Sidewalks—Presently property owners are liable and responsible for the repair of sidewalks in from of their houses. Some believe this should be the city's responsibility (According to CA Law, homeowners are responsible.)
6. The Library—How much revenue from Proposition O will go towards building a new library it it passes.
7. Proposition O—This would continue the 1/2 cent sales tax until 2019 with funds being used for a variety of things, the new library included. The panel was split on this issue.

Don't forget to vote on November 4. Remember, **women were not "given" the vote, our predecessors fought hard to "win" the right for women to vote!!!**

Carlos and Mary Vargas, Public Policy Co-Chairs

President's Corner:

1. We are looking for Ads to be placed in the Tidings—any suggestions?
2. If you are willing to serve on our nominating committee please contact Harriett.
3. Are you interested or willing to serve on the Branch Board of Directors please call and talk to Harriett. We have several positions available for next year, 2015-16. You would have lots of time to train.
4. Attendance at our October General Meeting was just great. Thanks for all who came.
5. We now have 142 members and still growing. See membership article about specifics.
6. We still have room for the Holiday Tea. Call Sarah—see article.
7. Board is discussing the possibility of HMB Branch applying for IRS 501(c)(3) status. Do you have an opinion or knowledge of process. Let us know.
