## Speech Trek Contestants to Discuss Eliminating School Violence

Monday, Feb. 11, 2019 • 6:30 to 9 p.m.

Doors open at 6:15 p.m.

Community Room, Half Moon Bay Library

Our February program is devoted to one of AAUW's most dynamic offerings: Speech Trek. This competition helps high school students hone public speaking skills. Speaking well gives a natural edge, be it presenting ideas to others or landing a job through a successful interview. We offer this competition to encourage our young people to develop these valuable skills.

This year's topic is "How Can We Eliminate Violence Aimed at Our Schools?" According to AAUWCA's Speech Trek Program, American students face an alarming level of violence.

Sen. Dianne Feinstein notes that since the Sandy Hook shooting in December 2012, more than 250 schools have experienced a shooting. "That's an average of around 50 a

year, or one school shooting every week," she said. "It's astonishing that so many schools and so many children have suffered. Active shooter drills shouldn't be a way of life for our children, but sadly they are."

Singer Kelly Clarkson notes that the time for moments of silence has passed. "Why don't we do a moment

## President's Message

Have you enjoyed the branch's interest groups, monthly public meetings, viewing our website or Facebook page, or reading *Tidings*? It's sometimes hard to pull together all the various things happening at different levels, so I will highlight a few.

### Branch Level

*Feb. 11:* AAUW CA has had a project called Speech Trek since 2007. One of our branch members was inspired to bring the program here after hearing talented high schoolers give their speeches a few years ago. Our February meeting will showcase this.

*Feb. 28:* Our branch is a member of the Half Moon Bay Chamber of Commerce and will participate in its Teachers Cash for Class Drawing. Supporting education has long been a mission of AAUW.

*March 21:* Theater Bash returns to put the fun in fundraiser. Always exciting! See page 10 for details.

*May 2:* Coastside Gives has been our biggest fundraiser and so easy for members. You can participate from home. Watch for details and please support AAUW.

*June 1:* Time to clean out our homes and participate in the White

Elephant Sale.

### National and State levels

- National is sponsoring an AAUW Art Contest and asking for submissions from members. The winners' work will be featured on notecards distributed in the spring. The deadline to enter is Feb. 7.

- The National Conference for College Women Student Leaders, sponsored by AAUW, will take place May 29 to June 1 at the University of Maryland. The Conference will educate and empower 100 college women. This is our future.

- Embracing one of our national strategic goals of gender pay equity, the San Francisco branch has launched an ambitious goal of teaching 20,000 local women to negotiate their salaries and benefits with confidence by 2020 through workshops January through April. Hope you saw the *Tidings* article in January. Do you know a woman who could benefit?

- To be informed about issues urgent to AAUW, sign up for the Two-Minute Activist for you email or mobile alerts. Register at [aauw.org](http://aauw.org).

## Nominating Committee

The following members have been appointed to the nominating committee: **Jan Grierson, Nancy Evans, Carolyn Seaton and Lee Ellis.**

They have an important job

ahead of them selecting a slate of nominees for us to vote on at our March meeting.

They said "yes" and I hope you do, too, if asked!

of action?" she asked. "Why don't we do a moment of change?"

In February 2018, the students of Marjory Stoneman Douglas High School in Parkland, Fla., seized their moment for change after a shooting at their school. They created "March For Our Lives" and launched a national movement.

How can we – students, parents, faculty, our communities and organizations such as AAUW – eliminate violence aimed at our

schools? What actions can we take to prevent another tragedy from taking place?

Join us at our February meeting to hear the opinions of three young people from Half Moon Bay High School on this timely topic. All contestants will be evaluated that evening. It is certain to be a very interesting and informative meeting. Come join us. These young people deserve our support!

*Jan Grierson and Nancy Evans,  
Program Co-Vice Presidents*

## Key AAUW Dates

**Feb. 7:** Last day to enter the **2019 AAUW Art Contest**.

**Feb. 12:** Voting in the AAUW Art Contest begins.

**April 1:** **Committee application** period opens. The work of AAUW CA is accomplished through various standing committees, special committees and task forces overseen by the Board of Directors. Any member in good standing is eligible to serve and may submit an application. Members are selected and appointed for a one-year term by the Board of Directors.

## Speech Trek Prizes: Did You Know?

Since 2007, Speech Trek has showcased talented young people responding to topics related to AAUW's mission.

Contests at branch and state levels provide students with opportunities to develop and sharpen research, critical thinking and communication skills.

In 2009, Gray Allen chose to memorialize his late wife Eleanor, Roseville/South Placer's Speech Trek Coordinator. Mr. Allen's annual \$5,000 contribution

has allowed AAUW CA to offer prize money as follows:

1st Place – \$1,500

2nd Place – \$1,000

3rd Place – \$500

4th Place – \$250

5th Place – \$150

Each year, the top three speakers from the semi-final round are invited to compete in the Speech Trek Finals at the annual meeting or convention.

## 2018 Tech Trekkers Exhibit Projects, Win Awards at Annual Science Fair

The community turned out on a stormy January evening for the eighth-grade science fair open house, which included the work of our six 2018 Tech Trekkers, who explored a wide variety of topics. Two of our girls won first-place medals and will go on to the San Mateo County Science Fair.

Ana J. said she was inspired by her forensics core class at Stanford Tech Trek. She decided to explore the accuracy of eye-witness accounts of her middle-school cohorts.

Her project "Do the Eyes Have It?" won a first-place ribbon in the Behavioral Science category.

In the same category, Kira T. won a second-place award for "Bedtime Blues." Her experiment asked, "How does blue light affect the percentage of deep sleep that a teen experiences at night?"

She was interested in how the late-night use of smartphones and tablets might impact the sleep of her

classmates. She said studies have shown that blue light suppresses the brain's release of melatonin, which could lead to a lower quality of sleep.

Olivia P. exhibited her project "Food Fuels" and asked, "How do different foods impact how much energy you have in sports?" She gave subjects different food items — apples, energy chews and cheese sticks — and tried to assess which provided the best boost of energy.

Charlotte R. received an honorable mention ribbon in the Life Science category for her project "What Lurks on Turf?" She took samples from both a grass playing field and one with artificial turf and grew bacteria in petri dishes. She said she found a wider variety of bacteria on the artificial turf.

Maddie M. looked at "Auditory vs. Visual Reaction Time" and said the tests of her subjects showed that the brain seemed to process the auditory stimuli faster than the

visual. She received an honorable mention in the Behavioral Science category.

Grace B. won first place in the Physical Science category for "Wind Turbines: Blade Angle Efficiency." Her hypothesis predicted that "at a 70-degree angle the blades would create the most energy because less surface area of the blades will face into the wind therefore creating less air resistance." Her project included a tall, colorful, "Lego-like" windmill structure to test the different blade angles.

This year's Tech Trek application process is under way to select our campers for summer 2019. Many thanks to all our hard-working members and donors who have made it possible to send five girls to Camp Hopper at Stanford, scheduled for July 14-20.

More news to come!

# Celebrating 2018 Scholarship Winners: Emily DuFore Payne

“I know what it is like to have to work hard to get something that seems to come easier to others. I want to give back to other children to make an impact on their life like others did for me.” – *Emily DuFore Payne*

# New Options for Choosing How Your Donations Support AAUW

The choice of funds from which we can select when donating to support AAUW's mission and vision has changed to align with AAUW's new strategic plan.

Kimberly Churches, AAUW CEO, announced the new strategic plan in August 2018. Details of the plan are described in *Beyond Aspirations: Advancing Equity for Women and Girls*.

In *Beyond Aspirations*, Churches describes the purpose of the new plan: "Our vision — equity for all — can and must be achieved. We are not satisfied to simply document and discuss the inequities women and girls face. AAUW aims to achieve equity through practical solutions in education, workplaces and communities." AAUW will achieve this goal by concentrating on four strategic focus areas:

*Education/training:* Addressing the barriers and implicit bias that hinder the advancement of women.

*Economic security:* Ensuring

livelihoods for women.

*Leadership:* Closing the gender gap in leadership opportunities.

*Governance and sustainability:* Ensuring the strength, relevance and viability of AAUW well into the future.

In a video announcing the new fund, Kendra L. Davis, Senior Vice President, Advancement and Partnerships, and Tremayne Parquet, Deputy Director, Advancement, explained that the new categories give donors a better understanding of how their dollars will be used. For example, the AAUW Fund is replaced by the Greatest Need Fund that describes exactly how the funds will be used. AAUW may use the donations where there is the greatest need for research, advocacy or legal support. Another example is Title IX, which now falls under the Education and Training Fund. AAUW can use donations to this fund to provide support for legal challenges, advocacy for Title IX protection, and

conduct research for how schools can be doing more.

They added that many of the restricted funds are oversubscribed because of the tremendous support of AAUW members. An oversubscribed fund means the fund can't be used immediately or there is not a current need. The donations in the oversubscribed fund cannot be used to address current issues, such as the #MeToo movement, because of the restrictions.

Davis and Parquet acknowledged that it will take time to get used to the change from program-focused funds to broader specific issue-based funds. They emphasized that we can't achieve broader change in equity without broader support. You can watch the video by clicking [here](#).

A diagram provided by AAUW to describe the new Fund categories is on page 7.

## Chamber of Commerce Education Committee Report

Several committee members reported the following:

• La Costa Adult Education is expanding its program.

• San Mateo Credit Union is opening an office in HMB and planning to support educational programs.

• The Cabrillo Education Foundation is planning to provide 56 scholarships to HMBHS 2019 graduates.

• Big Lift is applying for a HMB City Grant and will participate in the upcoming Resource Fair at the HMB Library.

• The Chamber of Commerce Education Committee is working on establishing new goals for the committee.

Holly Wade, Assistant Superintendent of CUSD Educational Support Services for students with special needs, reported that she is working to expand the inclusion of special needs students in the overall school community. More than 400 students receive services from special education programs.

To expand inclusion, applications are being made for early intervention grants to support programs for pre-

schoolers. A Dyslexia Planning Committee is being formed. A proposal will be made to the board to train teachers to do early screening for dyslexia. Parent outreach programs, including a Parent Advisory Committee, are being planned.

Another goal is to build a Magical Bridge Playground that is accessible to all children at one of the CUSD schools.
